Wonkcomms teams and skill sets: what does the future hold?

This event explores the human resources think tanks can call on for their communications, what skills are needed to progress in the sector and how to develop them.

Taking think tank communications to the next level

An [On Think Tanks](#) blog series focusing on key issues for think tanks, research institutions, and programmes of work as they work to **strengthen their communication efforts**. The series stems from a unique collaboration between On Think Tanks and the [European Centre for Development Policy Management \(ECDPM\)](#).
